

■ Brain Teasers! ■

Fun Riddles for Clever Kids

1. Which fruit has "teeth" inside its belly?

■ **Answer: Pomegranate** ■

Its little red seeds look just like rows of tiny teeth!

2. Which creature never got to see its mother?

■ **Answer: Scorpion** ■

In folklore, baby scorpions are born after their mother has died.

3. What gets smaller every time it takes a bath?

■ **Answer: A bar of soap** ■

The more you wash with it, the smaller it gets!

4. In Urdu counting, which number spells a fruit's name when reversed?

■ **Answer: "Bees" (20) → "Seb" (Apple)** ■

This is a wordplay riddle in Urdu: the word for the number 20 ("بیس" - bees) reversed becomes the word for apple ("سیب" - seb). It only works with the original Urdu spelling!

5. Which bird lays its eggs in other birds' nests?

■ **Answer: The Cuckoo** ■

Cuckoos are famous for letting other birds raise their babies!

6. What gets sharper the more you use it?

■ **Answer: Your brain** ■

The more you think and learn, the smarter you become!

7. What falls into water but never gets wet?

■ **Answer: A shadow** ■

A shadow can fall anywhere, even on water, without ever getting wet.
